Presented by the Hub Learning Community, a Transition Support Team at Integral Care

ABOUT THE PRESENTER

Jordan Smelley

Jordan Smelley is a certified Peer Recovery Support Specialist with Young Peer Mentor Endorsement here in Texas. Jordan uses his lived experience with Intellectual and Developmental Disabilities with Co-Occurring Mental Health Diagnosis(es) due to Chung-Jansen Syndrome to support and provide resources to others. Jordan shares his experience in hopes that others with IDD will not have to go through as much trauma as Jordan did, in order to get the supports and resources needed to become a contributing member of the community at large.
